DANGER SIGNALS.

No engineer would be mad enough to run by the flag which signaled danger. It is different with the average man or woman. They attempt constantly to run by the danger signals of Nature and that attempt costs thousands of lives every year. When the appetite becomes irregular or entirely gives out when sleep is troubled and broken, when there is a constant feeling of dullness and languor, Nature is holding the danger signal. The stomach and its allied organs are failing in their work and the body is losing the nutrition on which its strength depends.

Such a condition calls for a prompt use of Dr. Pierce's Golden Medical Discovery. It cures all cases of the stomach and other organs of digestion and nutrition, purifies and enriches the blood and builds up the body with solid, solid flesh.

"I have had so much benefit from your medicines as to say a few words that you may use for publication." Mrs. J. E. Jones, Crystal Lake, Conn. "I had been troubled with a complication of diseases for over two years, but kidneys and liver bothered me most. Some of my worst ailments were headache, frequent pains around heart and under right shoulder. My hands and feet were cold nearly all the time, and I had such chills between shoulders. Some days I could not get out of bed. I lost flesh, felt so tired and miserable it seemed I could do any housework. Took medicine from my physician, but received no benefit. Bought a bottle of Golden Medical Discovery, and after taking it I felt so much better I determined to give it a fair trial. Appetite soon improved and gradually the disorders disappeared until now I am well."

A Great Doctor Book Free.—Send 21 cent stamp to Dr. R. V. Pierce, Buffalo, N. Y., to cover cost of mailing only and he will send you a free copy of his 1006-page Common Sense Medical Adviser, paper-covered. Cloth-covered 31 stamps.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Schoups, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newcomb's Hairdressing.

"Destroy the cause—your remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpelco Co., 217 Broadway, New York.

HORRORS OF ODESSA

A tour of Odessa and part of the suburbs yesterday found all quiet. Whole rows of shops that were pillaged have been boarded up. The poorer Jewish quarters suffered worst and the principal streets, with few exceptions, were untouched. Russian shops are marked with crosses painted on the shutters and the private houses with ikons so as to protect them from the mobs.

Peasants armed with knives and scythes tried to enter the city Saturday to loot the place, but they were driven back by the soldiers.

The casualties in Saturday's disturbances exceed 140, and those of the preceding three days, which have been verified, number nearly 5,600.

The latest accounts of the devastation in the Jewish quarter add horror to the situation. Besides numerous mills, all the bakeries, shops and nearly 600 houses have been destroyed. The Jews killed in every instance were treated with revolting barbarity. Heads were battered with hammers, nails were driven into the bodies, eyes were gouged out and ears severed. Many bodies were disemboweled, and in some cases petroleum was poured over the sick and dying in cellars and they were burned to death.

It is alleged that the police and soldiers everywhere marched at the head of mobs, inciting them to destroy the Jews by crying, "The Jews have killed our Emperor," and similar expressions. While the mob were engaged in the slaughter the soldiers busied themselves pillaging the cash and jewels leaving the household goods to the mobs. The owners of many houses got rid of the bandits by payment of a ransom to the police. The police prevented any one from arresting the looters and prevented also the Red Cross workers from aiding the wounded, actually going upon those engaged in this work.

A band of students removed much of the stolen property to the university, whither also they took 100 dead bodies of anti-Jewish demonstrators, whose relatives yesterday besieged the university, claiming the corpses and demanding the release of those who were confined in the university. They threaten otherwise to burn the university and kill the professors. Methods were therefore taken to transfer these prisoners to a regular prison.

The Odessa correspondent of the London Standard, under date of November 5, at 5 a. m., sends further sensational accounts of the riots there. He says: "There have been more horrifying massacres and fiendish cruelties, but the districts where these took place are now cordoned by troops. Probably the total killed will number 3,500 and the wounded 12,000. In the suburb of Moldovanka alone 1,000 victims remained in the streets from midnight until noon, when the authorities hastened to collect and bury the bodies in great pits, in order to conceal their numbers. Two private doctors attended more than 300 children of both sexes, who had been horribly gashed about the head and shoulders with sabers. Heaping insult on injury, the civil governor yesterday, when the butchery had ended, asked the householders to subscribe \$100,000 to pay the police an increase of wages."

Resignation of City Officials.

The town of Kenner, La., near New Orleans, is now in the hands of Sheriff Marrero, the mayor, councilmen, and other town officials having resigned as the result of the exposures in regard to the recent murders of colored people there. Mr. Cowan, son of the Mayor, having turned State's evidence and confessed, the local judge and town constable who were under arrest, told the story of the outrage.

The constable, one Ledoux, had a personal difficulty with a colored man named Andrew Jackson. He, accompanied by Judge Adams, the mayor's son, and a fourth man named Brown, visited Jackson's restaurant, where the party opened fire on the establishment without previous notice, killing or wounding five colored persons, including Jackson, and a woman named Smallwood. The latter was killed instantly.

The murders were hushed up, a coroner's jury gave a noncommittal verdict, and the news was given out two days afterward that the shooting was due to a row in the Jackson place. The sheriff, however, interfered, convicted some of the principal town officials, and brought out the truth.

The resignation of the mayor, council, and other town officials is due to a feeling that they are responsible in part for the condition of affairs in Kenner, and they should have been able to bring out the truth without the aid of the sheriff.

Herb W. Edwards Injured.

Herb W. Edwards, of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes of 540 N. Davidson Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham:—Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headaches, and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the East advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham:—I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Reign of Terror.

A reign of terror prevails in Middleboro, Ky., that threatens to rival in violence the bloody days of Breathitt county. The Middleboro militia company spent Sunday afternoon in the mountains after a lawless gang of outlaws, said to be headed by Frank Ball, wanted for the murder of John Boer, a barber. Ball is reported to have with him at least forty men, who intend to resist his arrest.

Four miles from Middleboro, the soldiers yesterday attacked a blind tiger and riddled it with bullets. They succeeded in capturing nine of the men. Returning to town, a roll call of the company showed the absence of three men, whose whereabouts are not known.

Last night the town was comparatively quiet, but all telegraph wires have been cut, and the only news sent out is by telephone.

Gov. Beckham has been asked to send more soldiers, and another company is expected today, as the local militiamen are worn out by constant duty of the past three days.

Secrecy is preserved by both citizens and soldiers, and it is reliably reported that the Western Union operator has been warned not to send out news of the disturbance to any newspapers.

But Few Are Free.

But few people are entirely free from indigestion at this season of the year. Kodol Dyspepsia Cure is not only the best remedy to use because it digests what you eat but because it also enables the digestive apparatus to assimilate and transform all foods into tissue-building blood. Kodol relieves sour stomach, heart burn, belching, and all forms of indigestion. Sold by W. F. Creighton & Co., 401 King street.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at E. S. Leadbeater & Sons' drug store.
